## RE: **ICON Binnacle Mount Remote Controls – Loss of Control Hazard**

Dear *Evinrude*® *E-TEC*® Registered Owner,

This notice is sent to you in accordance with the requirements of applicable laws and regulations. BRP is conducting a safety recall on *ICON* binnacle mount remote controls.

Our records show that you are the owner of an *Evinrude E-TEC* outboard equipped with an *ICON* binnacle mount remote control(s) affected by this recall. Your *ICON* binnacle mount remote control(s) requires an important service procedure.

### **What is the potential problem?**

The *ICON* binnacle mount control supplier incorrectly assembled a limited number of control levers which may allow the lever to separate from the mounting base resulting in loss of throttle and shift control.

**This situation may cause loss of boat control which could lead to serious injuries or even death of the operator, passengers, or people nearby.**

### **What should you do?**

Call an authorized *Evinrude/Johnson* dealer and make an appointment to have your *ICON* binnacle mount remote control(s) serviced. The solution is the inspection of the control and if necessary, the replacement of the control. *The service will be performed at no charge to you.* For your safety, please do not attempt to use the *ICON* binnacle mount remote control(s) until an authorized *Evinrude/Johnson* dealer has completed the necessary service.

**If you have questions, need assistance, want to report any difficulty in obtaining repairs or to find the nearest authorized *Evinrude/Johnson* dealer.** Visit [www.evinrude.com](http://www.evinrude.com) or call 1-262-884-5993.

**What to do if you feel this notice is in error.**

This notice was mailed to you according to the most current information we have available. Affected *ICON* binnacle mount remote control(s) **must** be serviced. If you no longer own your *Evinrude E-TEC* outboard equipped with an *ICON* binnacle mount remote control(s), kindly complete and return the enclosed postage-paid reply card, so we may update our records and contact the current owner about this important safety recall.

Your continued satisfaction with your engine is important to us. Please understand that we have taken this action in the interest of your safety and your engine's proper operation. We apologize for any inconvenience this may cause you.

Thank you for your immediate attention to this matter.
